

# simplifying ICD-10

## WHAT WILL BE REQUIRED FOR CERTIFIED CODERS?

All certified coders will be required to take an ICD-10 proficiency exam to maintain their credentials.

You will be given two (2) years to pass the exam, beginning October 1, 2012 (one year before implementation of ICD-10) and ending September 30, 2014 (one year after implementation)

The test will consist of 75 questions and will be timed

The test will be open-book, online and un-proctored

**Limited Time!!  
2-Day Camp  
Only \$350**

## THE ICD-10-CM SOLUTION

### WHAT YOU WILL LEARN:

All aspects of the ICD-10-CM and a high level overview of ICD-10-PCS will be covered, including a detailed overview of the ICD-10 structure and guidelines, cross-walking and mapping, organizing the implementation effort, developing cross-functional teams, budgeting, outcomes measurement, and compliance, along with hands-on exercises. Training will provide the education and tools for these individuals for an efficient switch from ICD-9 to ICD-10.

### Day 1: Fundamentals of ICD-10-CM

- Fundamentals of ICD-10-CM
- In depth ICD-10 guidelines review
- Hand-on coding exercises with real-world cases converted from ICD-9 to ICD-10
- Learn how today's documentation will stand up to ICD-10 guidelines

### Day 2: Easing Implementation and ICD10 Overview

- Organizing Implementation
- The Communication Plan
- The Impact Analysis
- Information Technology
- General Equivalency Mappings (GEMS)
- The Education and Training Plan
- Working with Vendors
- Implementation Planning
- Education and Training Deployment
